Male 3/8 Pipe Supply Fittings

Female 3/8 Pipe Feed Line

Back Flow Check Valves
On Both Supply Lines.

Maintenance Free

For Rough Chrome Finish
add RC to the item number.
Example = (250-RC)

The anti-sweat temperature mixing valve has back flow check valves in each supply fitting. If the handle is moved towards the Hot supply side on the body the mixing ratio of the water can be adjusted up to a maximum of 50% Hot water.

Note: Hot side should use smaller diameter check valve orifice.
